Lucas Nørgård

I'm a software engineer with a strong focus on JavaScript, TypeScript & Language Tooling. My passion lies in enhancing developer experience and productivity through tooling and automation.

Work Experience

 **DIAS, Region Midtjylland**

2023-Present

DIAS operates within Region Midtjylland a key component of the Danish healthcare system. It serves as an essential element in delivering healthcare services. We're dedicated to providing customized applications directly to clinicians, ensuring they have the tools they need for optimal healthcare delivery.
